

The Wards at Night Course

Course at a Glance

This is an inter-professional one-day simulation course for Monash Health ward based Associate Nurse Managers (ANMs) and HMOs undertaking night-cover rotations. The course is specifically designed to equip ANMs and HMOs with a structured approach to the initial assessment and management of acutely unwell patients.

Course Topics

- Participants will have the opportunity to explore and practice various teamwork and communication skills that can enhance patient safety and assist with clinical decision making, task prioritisation and time utilisation during busy night shifts on the wards.
- The course uses a blended educational approach, including interactive workshops, teamwork and problem-solving activities, immersive simulation scenarios and facilitated discussions.

Who can attend?

Monash Health HMOs undertaking night-cover rotations and Ward-Based Associate Nurse Managers (ANMs)

- HMOs and Nurses will need to book via TryBooking

Nurses: Prior to booking, please ensure that you have support from your manager. If you intend to take study / professional development leave, this needs approval from your manager.

National Safety and Quality Health Service Standards, Second edition-2021. Standard 8: Recognising and responding to Acute Deterioration Standard
